The CEO'S Message

Happy New Year and welcome back!

I hope everyone has had a chance to relax and enjoy some quality time with family and friends over the winter break. The start of school, after a significant break, always provides a good opportunity to re-establish a focus on learning. January will bring a fresh start for each of us and is always a time we set goals and prioritize for the year. We are no different at school. We are all so busy just surviving, we often forget to look around and see where we might be able to improve someone else's life, while enhancing our own.

As the second semester approaches, the teachers, other administrators, and I have one vision for our students, and we hope it closely matches yours. We want ALL of them to become all that they can be. If we all work together, we can continue to build a system focused on student learning through high expectations, innovation, and overall collaboration. I encourage all students to get involved with as many activities as possible to make a commitment to academic excellence, and to be a contributor to a positive school climate.

Our goal is to support each student at Al Maaref in having a safe and successful learning experience. The staff here at AMPS is nothing short of extraordinary, and we are fortunate to have a group of educators who believe all students can succeed and are dedicated to ensuring this happens. It is the emotional, educational, and academic needs of each student that drives our decisions and the implementation of our efforts. It is our mission to facilitate and challenge every student to be college and career ready by achieving his or her highest academic, social, and emotional potential.

Thank you to all our families for your ongoing support in these challenging times. We are grateful to be able to do what we love - and that is working with your children. They make us smile each and every day! One thing for sure, we know how to do hard things at AMPS and we know we can achieve our goals. Great things can and will happen at Al Maaref Private School if you are willing to put in the time and effort.

I look forward to the challenges that another semester brings. Thank you for trusting the AMPS family to help your child reach their dreams.

INTERVIEW WITH THE CEO

1. WHATS YOUR AGENDA?

-My Agenda is to support the school team to make AMPS one of the best schools in Dubai.

2.WHAT'S YOUR EXPECTATIONS FOR THIS ACADEMIC YEAR?

-Guiding students to excel in all aspects in their life .

3.AS A CEO WHAT SECTORS DO YOU FOCUS ON THE MOST TO ASSURE STUDENTS IMPROVEMENT?

-I focus on students's education and preparing them for a bright career.

4.HOW DOES YOUR PAST EXPERIENCES REFLECT ON THIS ACADEMIC YEAR'S CURRICULUM PLAN ?

-My past experience helps me identify students and support them through individualized Plans and to improve their learning.

5. HOW DO YOU MAKE SURE STUDENTS IN THE SCHOOL ARE PROVIDED WITH A POSITIVE ENVIRONMENT?

-We are an inclusive school,who tries to eliminate all forms of bullying, focuses on the well being of our students and gives students a voice and choice in activities

6.HOW DO YOU SEE THE SCHOOL BY THE END OF THE ACADEMIC YEAR?

-The school will be well known in the region as one of the best schools that inspires innovation and prepares students for their career.

Interview with Mrs. Dima Secondary Principal

1) What's your expectations for this academic year?

From task experience, we get to see what students are capable of, which helps us later on an organized curriculum in a way that supports students' development.

2) How do you see the school by the end of this curriculum?

I see our school moving in a very positive direction. Students will be prepared to move to the next grade level and our seniors graduating with confidence, ready to pursue higher education. Our students will be proud of their school and the education they receive.

3) How do you make sure students in school are provided with a positive environment

We are working together to ensure the "wellbeing" of our students. This focus guarantees students are supported by addressing all of their needs.

- At AMPS, we aim to provide a student-centered environment that allows for inquiry, exploration, critical thinking, and the transfer of real-world knowledge and skills. Our curriculum is designed to help them become well-rounded and able to succeed beyond the classroom.

MONTH IN A GLIMPSE

DIABETES DAY

Established in 1991 by the International Diabetes Federation with support from WHO in response to growing concerns about the health and economic threat posed by diabetes, World Diabetes Day became an official UN day in 2006. Both students and teachers dressed in a light blue color or wore a ribbon color to raise awareness on this day.

SUPERHERO DAY

Our students and staff celebrated superhero day, by dressing like their favorite fictional character such as BATMAN, SPIDERMAN, SUPERMAN, HULK,..etc. Even though they are fictional these superheroes provide role models for our students as they perform good deeds and make great sacrifices on behalf of others.

UAE's National Day falls on 2 December and marks the UAE's formal nationalization and the start of the federal unification of the emirates in 1971. 'Spirit of the Union' is the official theme of the UAE's National Day celebrations. On this day both students and residents traditionally celebrate UAE's heritage and past, our present achievements and, most importantly, our future. In forms of marching, fireworks, traditional foods and many more

START YOUR DAY WITH POSITIVE THINKING

TEACHERS TALES

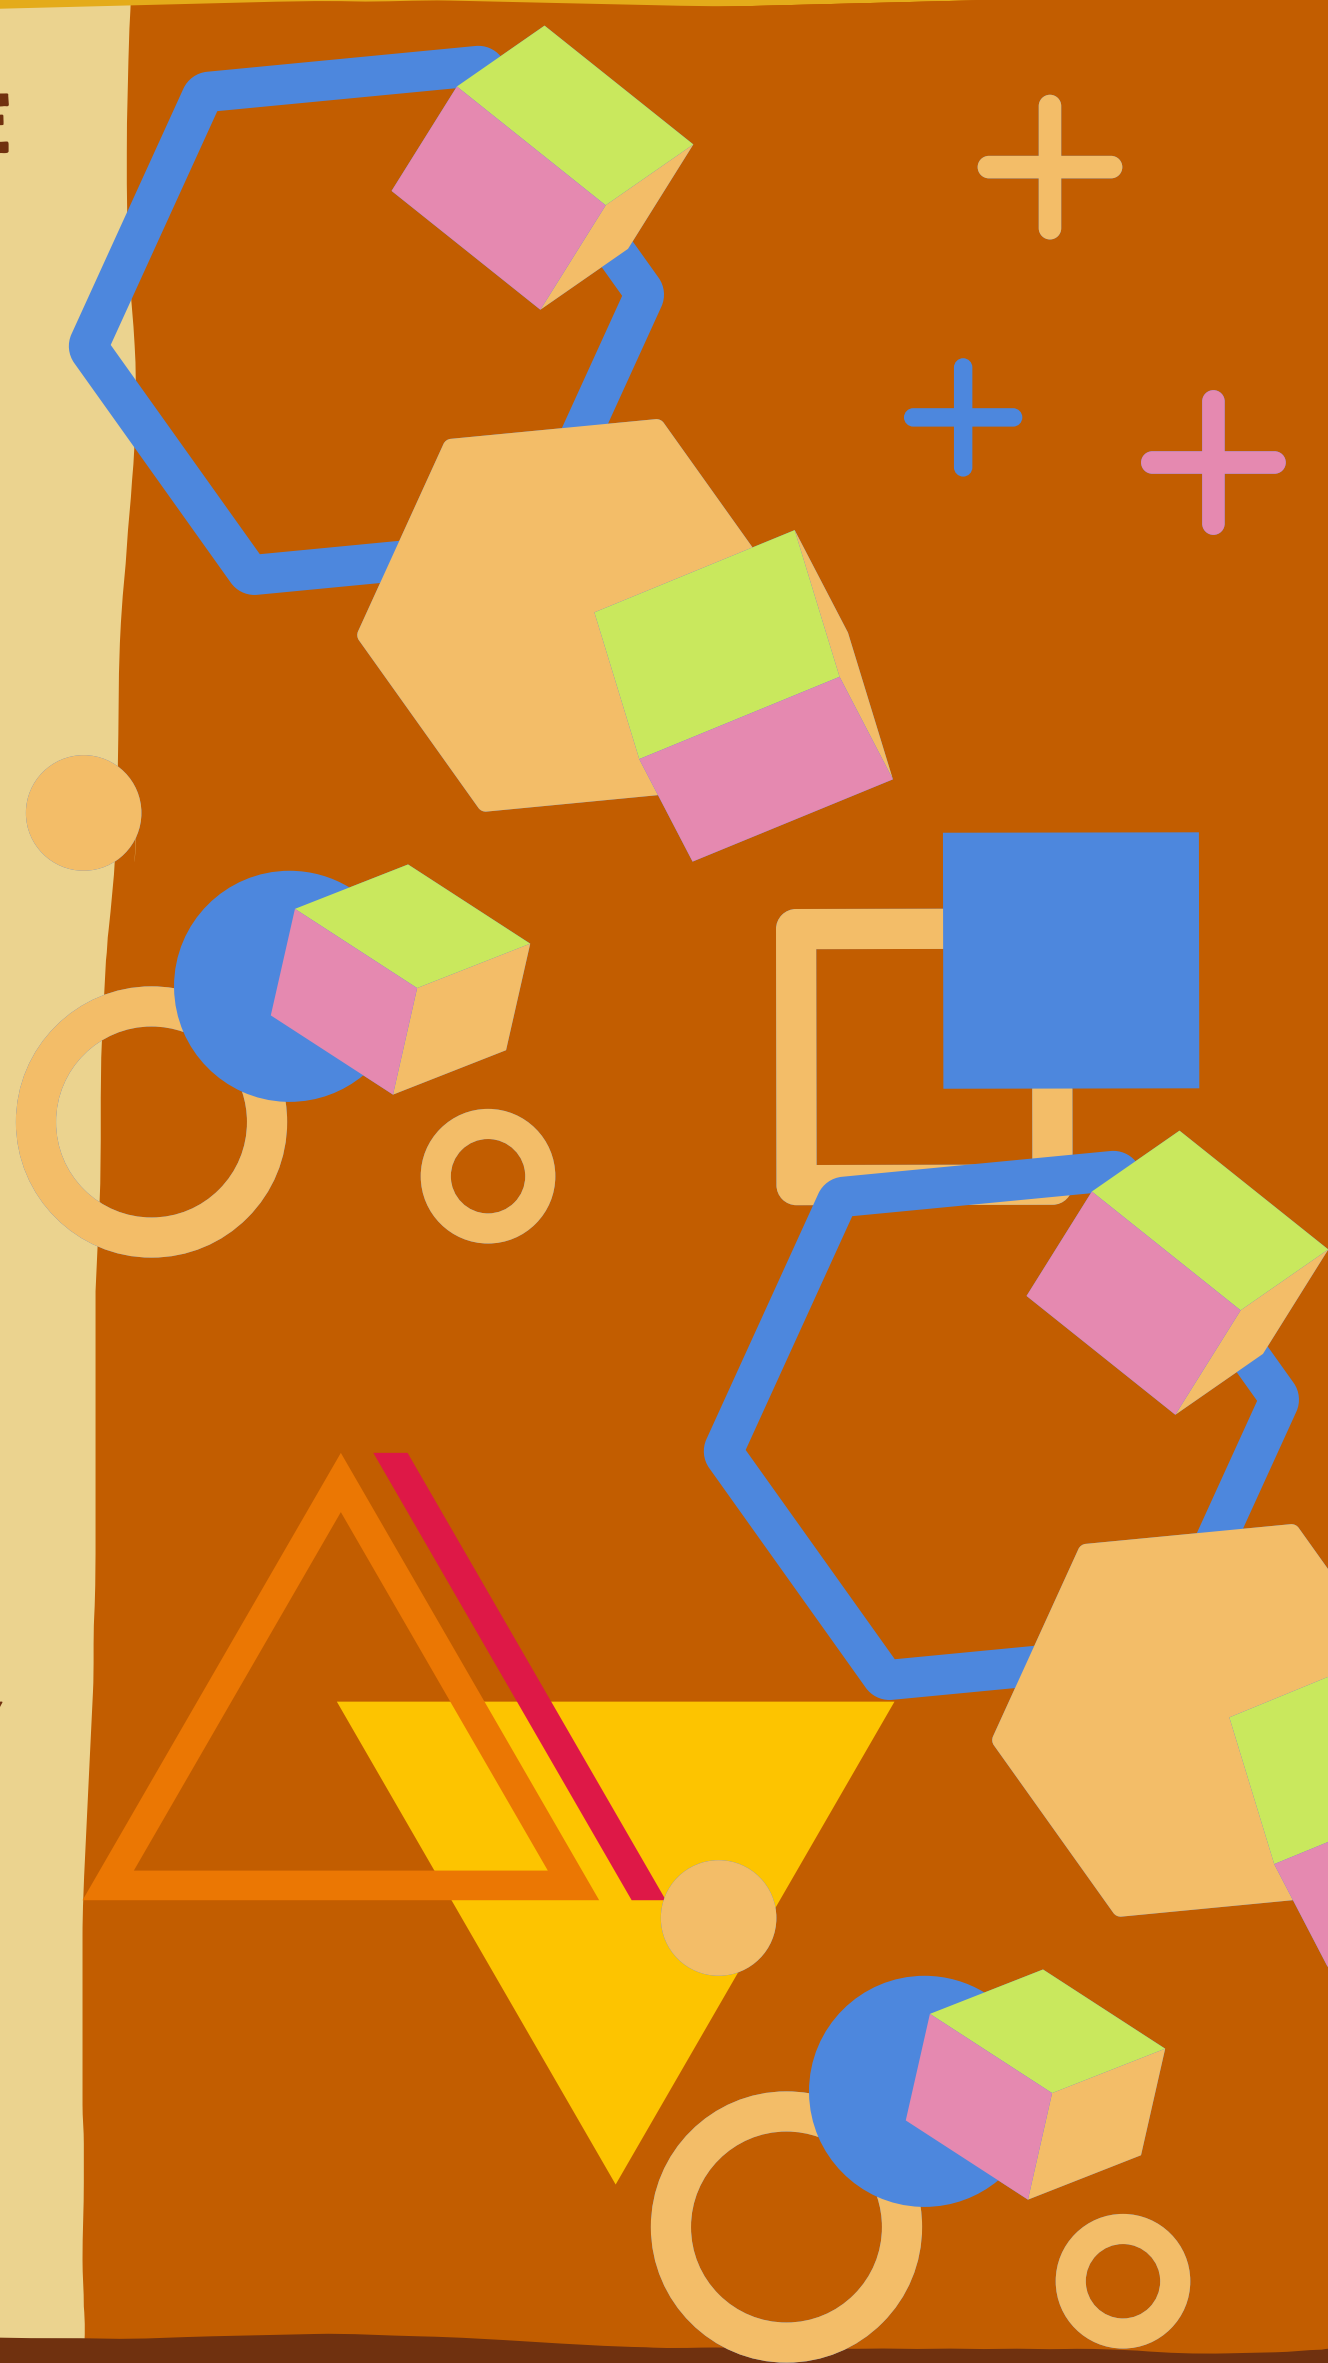

I'M ELATED AND DRAW MY ENERGY FROM THE FACT THAT I'M PART OF THE JOURNEY AND SUCCESS STORIES OF THOUSANDS OF STUDENTS.

**NAJERA MAKNOJIA
HEAD OF SECONDARY SCIENCE/AP
BIOLOGY TEACHER**

**"I CANNOT TEACH ANYBODY ANYTHING; I CAN ONLY MAKE THEM THINK."
– SOCRATES**

A TEACHER CHANNELS THE PROGRESSIVE TRANSFORMATION OF LEARNERS. I STRONGLY BELIEVE THAT LIKE A SCIENTIFIC FORMULA, KNOWLEDGE IS USEFUL, BUT IF KNOWLEDGE IS NOT APPLIED AND DOES NOT INSPIRE CHANGE, THEN IT WILL BE FORGOTTEN. A TEACHER FOSTERS LIFE LONG LEARNING AND SKILLS TO PUSH THE LIMITS OF HUMAN POTENTIAL AND DRIVE CHANGE.

WITH A MASTER'S IN APPLIED GENETICS I WAS BENT ON BEING PART OF THE RESEARCH SECTOR AND MAKE MY OWN LITTLE CONTRIBUTION TO THE SOCIETY. BUT DESTINY HAD IN PLACE A BIGGER ROLE FOR ME - A TEACHER! WHO NOT JUST CONTRIBUTES TO THE SOCIETY BUT NURTURES AND SHAPES THE SOCIETY FOR GENERATIONS.

AMPSMUN

MOMENTS

**JOIN
OUR
MUN**

**IN THIS
YEAR'S MUN:**

Delegates will
come from
different countries
to tackle world
issues .

Any inquiries?
